# Instruções

Aprenda a curar a sua peça de barro antes de a usar

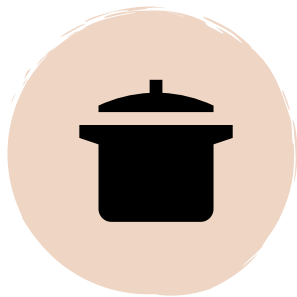

Encher o interior da peça com água e deixar por 2 horas

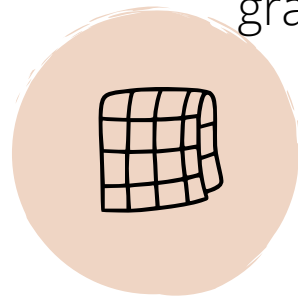

Cobrir o interior com azeite/manteiga, ou um líquido a gosto

Iniciar o cozinhado em fogo lento, aumentando gradualmente

Deixar arrefecer antes de pousar em superfícies frias

Assegurar uma cuidada limpeza e secagem antes de guardar

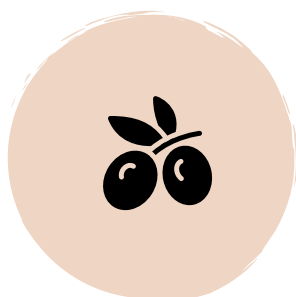

# Instructions

Learn how to cure your terracota Item before using it

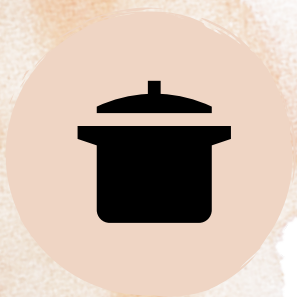

Fill the item with water and let it rest for 2 hours

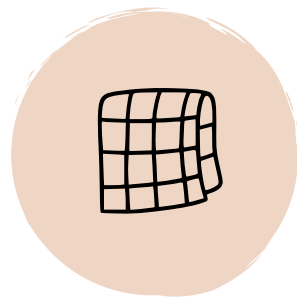

Rub the inside with olive oil/butter or a liquid of your preference

Start cooking at low temperature and increase slowly

Let it cool before laying down on cold surfaces

Make sure it's cleaned and dried properly before storing
